

WORKSHOP PROGRAMM

ETHICS AND NORMATIVITY OF EXPLAINABLE AI

ISSUES IN XAI #7

MAY. 15th-17th 2024 | PADERBORN UNIVERSITY | GERMANY

VENUE | BUILDING L, ROOM 3.204.

DAY 1: May 15 – Why Explainable AI?

13:30	Welcome and Registration	16:00	Scott Robbins: The (Ethical) Uselessness of XAI
14:00	Tobias Matzner, Suzana Alpsancar; Introduction to the workshop	16:30	Break
14:30	Katharina Rohlfing: Welcome words	17:00	Keynote 1: Andrea Aler Tubella (online)
15:00	Dorothea Winter: Responsibility and Artificial Intelligence (online)	18:00	End of programme
15:30	Joris Graff: Why Explainable AI Does not Provide Reason Explanations	19:00	Dinner first day

DAY 2: May 16 – Epistemic and Normative Aspects of XAI

09:30	Welcome coffee	13:00	Thomas Grote & Norbert Paulo: A Minimalist Account of the Right to Explanation
10:00	Keynote 2: Reinhold Hüb-Umbach : Privacy in Speech Processing from a Technological Perspective	13:30	Filippos Stamatou: The Responsibility Gap in Explainable AI
11:00	Zachary Daus: On the Relation Between Inference and Explanation in AI	14:00	Lunch
11:30	Barend de Rooij: The Right to Explanation under Conditions of Epistemic Injustice	15:30	Keynote 3: Elettra Bietti : Data as Infrastructure (online)
12:00	Break	16:30	Wrap up and discussion
12:30	Timo Handwerk: Towards a Holistic Concept of Explainable AI	17:00	End of programme
		19:00	Conference dinner, Petit Galerie

DAY 3: May 17 – Use cases of XAI

10:00	Welcome coffee	12:30	Yannick Fernholz: Navigating Ethical Dimensions in Smart City Technologies
10:30	Martina Philippi & Wessel Reijers: Ethics of Explainable AI	13:00	Eugenia Stamboliev: Can We Foster an AI Literacy That Does Not Only Explain?
11:00	Maximilian Berger: Moral Judgement and Decision-making Under Epistemic Uncertainty	13:30	Wrap up and final words
11:30	Nathan Wood: Explainable AI in the Military Domain (online)	14:00	Lunch (informal)
12:00	Break
