Training program for
$\square$
(PhD candidate)

The program consists of 158 work units of 45 min each and has to be completed until May 2025. If workload is not specified in the table below, it will be announced with the workshop itself. Individual customizations can be arranged with the RTG coordinator (see last column)

2021

| Topic | status | work- <br> load | Participation <br> date | Signature <br> of trainer <br> or RTG <br> officer | special <br> agree- <br> ments <br> [y/n] |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Kick-off workshop on decoding <br> the disciplines | obligatory | 8 |  |  | n |
| Kick-off workshops on academic <br> writing | elective <br> (though highly <br> recommended) | min. 8 |  |  |  |
| Open science | obligatory |  |  |  |  |

2022

| Topic | status | work- <br> load | Participation <br> date | Signature <br> of trainer <br> or RTG <br> officer | special <br> agree- <br> ments <br> $[\mathrm{y} / \mathrm{n}]$ |
| :--- | :--- | :--- | :--- | :--- | :--- |
| TRR lecture series 2021-2022 | obligatory | 28 |  |  | n |
| Good scientific practice | obligatory | 8 |  |  | n |

2022-2025

| Topic | status | work- <br> load | Participation <br> date | Signature <br> of trainer <br> or RG <br> officer | special <br> agree- <br> ments <br> [y/n] |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Explainability colloquia 2022/23 | obligatory | 42 |  |  | $n$ |
| Explainability colloquia 2023/24 | obligatory |  |  |  |  |
|  |  |  |  |  |  |

Elective workshops consist of the following areas and topics

1) Interdisciplinarity/Decoding the disciplines: yearly refresh workshops
2) Scientific, personal, and professional skills: writing workshops; changes in academia and academic careers; works-life balance; personal skills workshops; science communication;
3) Career planning: career planning for scientists; lunch talks
4) further workshops as negotiated with the RTG officer

List of elective workshops attended
